Bill and Jesse,

Thanks for pulling these together!

Ayn,

Attached are the scanned files for the DRO and GRO analyses which the R8 Laboratory performed in support of Pavillion 5. I am also attaching a crosswalk between field sample IDs, laboratory IDs, analyses performed, and page numbers in the pdf files. As added points of reference, the DRO instrument sequence starts on page 22 and the GRO on page 29 of the respective pdf files.

We'll be talking.

Subject: Fw: GRO/DRO reports

Bill and Jesse, I am hoping based on yesterday's conversation, that you guys can share your DRO/GRO chromatograms for PhV with the parties on the call yesterday. Please advise if that is a problem- since we need to reconvene on Tues, it would be important to get those out to everyone today if at all possible. Thanks so much for your assistance with teasing out these issues.

Subject: GRO/DRO reports

Ayn,

Were you able to ask Bill or Jesse to pull the GRO/DRO data reports and send to folks on yesterday's call?
